

Let's Create a Civilization of Love

Pope Francis expresses the hope that, in the light of the resurrection, “we would encounter the necessary antibodies of justice, charity and solidarity” to change the world. He calls for the building of “**a civilization of love,**” which he described as “a civilization of hope,” contrary to one marked by “anguish and fear, sadness and discouragement, passivity and tiredness.” This civilization “has to be built daily” and requires “the commitment of everyone.” **How can I begin today?**

Thank you, Precious Associates!

“Thank you for your generosity in supporting our young brothers in their growth in mission and in ministry.”

Rev. Father Edward Popish ssc , Director of Development, sends our Associates a monthly ‘Thank You’ for our donation to help our ssc seminarians as they advance in formation. Our small donation is greatly appreciated!

Articles for our Garage Sale

We are so grateful to so many friends who have brought precious articles for our next sale. A few days ago a friend brought about 15 big bags filled with clothing (some new with store tags still attached), curtains, blankets, sheets, etc. If it wasn't for Covid-19 and its restrictions, we would be able to have a sale immediately, and possibly a few sales ahead. So far the date scheduled is **Oct.17**, but it would be good to have a sale before this. We have enough supplies for more than one sale and we are still collecting. Thank you so much to those of you who have donated items and who have been passing the word to friends who have also donated items!

--When will we meet?

Our plan is still to meet on Sunday, Sept 13 if Covid-19 is under control.

When do we meet?

He thought that this was the dumbest kid ever.

But in reality what the boy did is genius!

A young boy enters a barber shop...and the barber whispers to his customer, “This is the dumbest kid in the world. Watch while I prove it to you.”

The barber puts a dollar bill in one hand and two quarters in the other, then calls the boy over and asks, “which do you want, son?” The boy takes the quarters and leaves.

“What did I tell you?” said the barber. “That kid never learns!”

Later, when the customer leaves, he sees the same young boy coming out of the ice cream store. “Hey, son! May I ask you a question? Why did you take the quarters instead of the dollar bill?” The boy licked his cone and replied, “because the day I take the dollar, the game is over!”
